

## DOUBLE HEARING

**HEARING ON BROADWAY ASSESSMENT CONCLUDED—RENAMING STREETS DISCUSSED**

Tuesday evening was a busy and interesting time at the City Hall. The board of trustees held an adjourned meeting for the purpose of concluding the hearing of protests on the opening and widening of Broadway, and also of hearing suggestions on the question of the plan of renaming the streets of Glendale. There were present trustees Grist, Jackson, Muhleman and Woodberry. Mr. Thompson, president of the board, being absent, Trustee Muhleman was elected president pro tem. In the absence of J. C. Sherer, clerk, Trustee Woodberry was chosen to serve as clerk. City Engineer Edward Lynch in a communication to the board reported that he had checked over the real estate subject to assessment and had found that the protestants did not equal one half the total area to be assessed. Thereupon a motion prevailed that the protest be denied.

In the matter of the hearing of the changing of the names of streets, there was considerable diversity of opinion and at the conclusion of all discussion a motion carried that the board of trustees appoint a committee of five citizens to formulate a plan of naming and numbering the streets and this plan then be presented to a mass meeting for ratification, change and adoption.

C. J. Wolfe presented the following scheme for naming the streets, that met with a degree of approval: To the Honorable Board of Trustees City of Glendale.

With regard to the numbering of our streets wherein it was decided in mass meeting to commence numbering north and south from Broadway and east and west from Brand, I have the following ideas to suggest, some of which I touched upon lightly last evening in my address to your Honorable Body.

Inasmuch as the plan of naming streets affects the numbering, I will treat on this plan first.

1. Allow Brand and Broadway to remain the same, being the center of the numbering system and neutral ground so to speak.

2. All short or blind streets to be called Places and to take the name (Continued on Page 4)

## A GOLDEN OPPORTUNITY

**THIRD LIBERTY LOAN GIVES THE "STAY-AT-HOMES" AN OPPORTUNITY TO DO THEIR BIT**

Over in France are thousands of Uncle Sam's boys in khaki, many of them from Glendale. Many thousands more will soon be there. That's their place, on the battle line. They are fighting for you.

You have not worked to the beat of drums. You may not have sought the fields of battle. But you can help tremendously now. You have an opportunity to show the boys in khaki that you are fighting for them, just as they are fighting for you in the trenches.

"Buy Liberty Bonds." Enlist every dollar you can raise to fight alongside your sons, brothers and neighbors, who are bearing the brunt of your battle in France. Right now these boys may be giving their lives for us in the terrific battle raging in France.

The greatest service your dollars can render is but little compared with that of the boys who wear Uncle Sam's uniform. They are staking their lives. But you, in buying Liberty Bonds, are not even taking any chances. They are the safest interest-bearing investment you can make.

The dollar in your pocket is no more sound than a Liberty Bond. The government is back of both. In fact, a Liberty Bond is even better than money, for money can never be worth more than 100 cents on the dollar, while Liberty Bonds will be worth their face value and even more, besides paying interest.

It does not seem that this is asking very much of the people of Glendale. We are living in luxury and comfort and feel no real effects of this war. Just stop and think what our boys so recently with us must be going through. For goodness sake, let's help them.

When the men call and ask you to subscribe to this Third Liberty Loan, just remember that here is something that you can do. You may not be able to go to France, but you can fight just the same. Subscribe every dollar possible and be glad you've had an opportunity to do even this little bit.

## CLOTHING THE NAKED

**GLENDALERS FURNISHES 600 LBS. OF SUBSTANTIAL GARMENTS FOR FRENCH AND BELGIANS**

Two large cases were required to hold the clothing which the Red Cross Conservation Committee (of which Mrs. Ben Nichols is chairman) is shipping to San Francisco as its contribution to the shipload of clothing to be sent to civilians in Belgium and France. Roughly estimated it will amount to 600 pounds, and it is all good, strong garments which will be of real service and protection. The quota assigned to California was about 50,000 pounds. Glendale has therefore lived up to its responsibilities in this regard. The garments were collected in salvage drives by the schools, and patriotic women have been gathering at the committee headquarters on Broadway and making the necessary repairs. All the clothing was fumigated and considerable amounts of it were cleaned with gasoline or were washed. Buttons were sewed on, holes were mended, rents sewed up. But, as above stated, only good serviceable garments were included. Following is an inventory of the shipment:

## MICHIGAN FRIENDS CELEBRATE

Mr. and Mrs. A. A. Richards, of 1443 Salem street, entertained the Eaton Rapids, Mich., society Thursday evening in celebration of Mrs. Richards' mother's birthday and in honor of a schoolmate, Miss Grace Gallery.

The home was decorated in green and yellow while the birthday table was in freesias and ferns, the birthday cake being in green and white with shamrocks for favors. The potluck dinner was served in five courses.

The entertainment for the evening was furnished by speeches from the visitors for the winter in California. The guests were Mr. and Mrs. Whittier, Mrs. Dr. Hyde, Mr. and Mrs. Joe Woods, Dr. and Mrs. Rufus Hyde and daughter, Mr. and Mrs. Judge A. M. Cray. Judge Cray gave a very interesting poem, "The French man and the flea powder," with "A Smack in School" as an encore. The fact that Judge Cray is 84 years old made the speech more interesting to all the guests. There were 45 friends who came to wish happy birthday greetings and all reported a jolly good time when they bade their host and hostess good night. Mrs. Richards was assisted by Mrs. Emma Blanchard of Los Angeles.

WEATHER FORECAST—Fair to night and Thursday. Westerly winds.

## HAIG REPORTS SITUATION UNCHANGED

**CALLS UPON HIS TROOPS TO DO THEIR UTMOST TO PREVENT DESTRUCTION OF BRITISH ARMY**

(Special Service to Glendale Evening News)  
LONDON, March 27.—There has been further local fighting northeast of Albert, Field Marshal Haig reported. "The situation here is unchanged. In the neighborhood of Bray we were forced back a short distance.

"South of the Somme heavy attacks against our new line were repulsed after severe fighting. At one point in the neighborhood of the river the enemy forced their way into our positions but were thrown back by a counterattack."

Haig issued a general order to all troops in France and Flanders in which he said in part:

"We are again at a crisis in this war. The enemy has collected on this front every available division, aiming at the destruction of the British army. We have already inflicted on the enemy severe losses. The French are sending troops to our support. Every one of us must do his utmost to prevent the enemy from attaining his object."

## ALLIES WILL CONTROL SITUATION SOON

**FRENCH PREMIER CLEMENCEAU RETURNING FROM FRONT ISSUES OPTIMISTIC STATEMENT**

(Special Service to Glendale Evening News)  
PARIS, March 27.—Within forty-eight hours the allies will be masters of the situation, Premier Clemenceau declared today, upon his return from the front, in a statement to the ministerial council. At the same time he did not attempt to conceal the seriousness of the situation.

Premier Clemenceau said Amiens, the French railroad center, and that section threatened by the Germans is well defended and that it is improbable that Hindenburg will break through.

French officials said today that the enemy, enfeebled by considerable losses and forced to slacken their efforts, has been checked everywhere.

The Berlin Lokal Anzeiger publishes a dispatch from Lausanne declaring the British saved the entire complement of their heavy artillery in the face of the German advance.

## FEW FRENCH IN BIG BATTLE

**FRENCH ARMY AWAITING DEVELOPMENTS WHILE POWERFUL BRITISH RESERVES ARRIVE ON BATTLEFIELD**

(Special Service to Glendale Evening News)  
PARIS, March 27.—Only a few French divisions are engaged in meeting the German offensive, the French secretary of war declared.

"The bulk of the French army is awaiting events while the most powerful British reserves are just arriving on the battlefield," he said.

## TANKER DISABLES SUBMARINE

**NAVY DEPARTMENT ANNOUNCES BATTLE BETWEEN OILER PAULSBORO AND GERMAN U-BOAT**

(Special Service to Glendale Evening News)  
WASHINGTON, March 27.—After an hour's battle with a German U-boat on the morning of March 1, the American oil tanker Paulsboro sent the enemy vessel beneath the waves damaged and in distress, the navy department announced today.

This was the tanker's second struggle with a submarine in six days.

## JONES SCORES WAR ADMINISTRATION

**TELL THE HARD COLD FACTS TO CREATE VICTORY SPIRIT SAYS WASHINGTON SENATOR**

(Special Service to Glendale Evening News)  
WASHINGTON, March 27.—Senatorial criticism of the war administration was renewed today when Senator Jones of Washington scored the president for his solitude. "The only way to create the victory spirit is to tell the hard cold facts no matter how unpleasant," he said. Jones declared that Congress is making an autocrat of the president. "The president should co-ordinate himself. The sooner he does it, the sooner the government will be effective," he said.

## HINDENBURG'S EFFORT FRUITLESS

(Special Service to Glendale Evening News)  
WITH THE BRITISH ARMIES IN THE FIELD, March 27.—The fighting is heavy between the converging Ancre and Somme rivers. This afternoon fierce attacks against Anchoyville north of Albert were driven off while northwest of Colincamps the entire German patrol was made prisoners. Hindenburg's most desperate effort to push forward to Amiens is meeting with stubborn resistance. Enemy airmen bomb Amiens nightly. The British after their retirement from Albert made a stand between the Ancre and the Somme.

## A PLEASING PROGRAM

**TUESDAY AFTERNOON CLUB SHAKESPEARE SECTION PROGRAM ARTISTIC TRIUMPH**

It is doubtful if a more beautiful stage picture has ever been witnessed by a Glendale audience, or sweeter music ever listened to than that presented to the Tuesday Afternoon Club yesterday at its regular session.

The ensemble scene at the close presented twenty-two Shakespearian characters in one harmonious and colorful group, with Cleopatra, Queen of the Nile, in gorgeous array as the central figure. This group was made up of seven smaller groups that enacted in turn scenes from "A Midsummer Night's Dream," "As You Like It," "Romeo and Juliet," "Hamlet," "Merchant of Venice," "The Winter's Tale," and "Antony and Cleopatra." Each character was introduced to the audience as it approached the stage by a herald, the lines used being descriptive verses by Mrs. Theodore F. Peirce. The reading was given with incidental music by Mrs. Alma Stowell Gibbs.

The stage setting represented a formal English garden. English ivy trailed the brick walls and hung from window boxes, while tall box cypress stood in formal rows with other greens massed between, the brilliant costumes giving the needed touches of color.

Mrs. Charles Homer Temple, curator, opened the program with a charmingly worded greeting to the club, introducing Mrs. C. B. McClure, under whose direction the pageant was given, and Mr. and Mrs. John Marquardt, who later transported the audience with delightful strains from violin and harp, with Miss Gertrude Champlain at the piano.

After the program, tea and cake were served by the various members of the section acting as hostesses.

H. S. Duffield of the Morosco Theatre Company was present as guest of honor, out of compliment to his having played with the leading Shakespearian artists of his time and to his being the dean of the local theatrical profession. In the opinion of this seasoned actor it was a very charming entertainment and this judgment was obviously held by every one present.

The entire program, with the addition of two vocal numbers by Mrs. Lillian Scanlon Gee, contralto soloist, St. Vibiana's Cathedral, Los Angeles, will be repeated this evening at the Masonic Temple at eight o'clock, for the benefit of the Glendale Chapter of the Red Cross. Admission, 25 cents.

## GOLDEN WEDDING

The fiftieth anniversary of the marriage of Mr. and Mrs. A. W. Scudder, Ohio people who lately have established their home in Glendale, was celebrated on March 26th at their home, 1420 West Fifth street, by former Ohio people, who presented them with many valuable presents. A sumptuous buffet lunch was served, consisting of coffee, sandwiches, cake and ice cream. A general good time was enjoyed. Speeches, toasts, reading, two original poems, and all joining in the singing of "The Star-Spangled Banner" completed the program.

Friends present were Mrs. Chas. Lounsbury, Mrs. A. H. Farnham, Mrs. Mary E. Newton and Mrs. Agnes Wallis, all of Long Beach; from Compton, Mrs. Mary Collinridge; from Glendale, Mr. and Mrs. I. J. Spafford and granddaughter Ruth; from Los Angeles, Mrs. Maud E. Bowes, Mr. and Mrs. Frank Hammond, Mr. and Mrs. James Hammond, Mrs. J. M. Johnston, Mr. and Mrs. G. C. Waltz, Mr. J. J. Harter, Mr. and Mrs. J. B. Cross, Mrs. Nettie Wall and Mrs. Jennie M. Kuder.

## NEW SHOES

Mr. and Mrs. David Carney were very busy yesterday unpacking and placing upon their shelves a new shipment of shoes. When asked about advanced styles in footwear, Mr. Carney said that the popularity of the high boots seems to be waning and that pumps and Oxfords in white, black and tan will be largely worn; also that lower heels feature the newer shoes. When our people, both men and women, are liable to be called to service in factory or field, and society functions are becoming a thing of the past, footwear for use and comfort rather than adornment is in demand.

Mrs. Ben Nichols wishes that knitters of Unit No. 1 of the east side who have yarn or knitted articles which have not been given to her, should turn them in without delay, as the Knitting Department of the local Red Cross Chapter is anxious to receive all outstanding garments and yarn.

## REV. T. F. MCCREA

**VISITS GLENDALERS FOR A FEW HOURS AND TELLS OF HOSPITAL WORK AT CAMP KEARNY**

Rev. T. F. McCrea came up from Camp Kearny and spent a few hours with friends in Glendale Tuesday afternoon. He is now engaged altogether in hospital work and has been able to do much to cheer the boys who are chafing under the disabilities which are keeping them from the soldier life. He has persuaded the authorities to permit him to take entertainers right into the wards and it has had quite a stimulating effect, particularly on the men who have been suffering from a touch of nostalgia. The Whittier College Quartette has sung for him, the Woman's Glee Club of the University of Southern California has been down, Margaret McKee, the lady harpist, has contributed her services and so have others of note. Some of the soldier boys have been in the wards for weeks and months, and these diversions are doing them a great deal of good.

Mr. McCrea says if Glendale talent wishes to help and will make an auto run to Camp Kearny some Sunday, they will be very welcome. Players of ukuleles and banjos are especially desired, and singers.

The Y. M. C. A. and the Red Cross are planning the erection of two buildings near the base hospital, which will stand side by side. In the Red Cross building there will be a large auditorium to be used for entertainment rooms for convalescents, for patients and Red Cross nurses. The Y. M. C. A. building will have recreation rooms for doctors and for the corps men who assist in caring for the patients. There are four classes of people in the hospitals, viz.: the doctors, nurses, corps men and the patients. In the Red Cross building there will also be rest rooms for ladies who come to visit the boys in the hospital.

The base hospital is situated between Linda Vista and Camp Kearny. New wards are being constructed which will double its capacity, increasing its accommodations from 500 to 1000 beds. At present some of the patients are housed in tents because there is not room for them in the hospital proper.

When asked if he had any message for Glendale people, Mr. McCrea said: "Tell them I love them still, and if any of them come to Camp Kearny I will be glad to have them call on me at the base hospital, and I shall always be glad to serve the Glendale boys in any way I can."

## QUOTA IS COMPLETE

**ELEVEN MEN LEAVE SATURDAY FROM LOCAL EXEMPTION DISTRICT**

Eleven men to fill this district's quota on the last draft call of the Adjutant General, have been selected by the local Exemption Board as follows:

Fred Henry Sauter, formerly of 311 South Howard street, Glendale, now of Ray Apartments, Jefferson and Main streets, Los Angeles. Mr. Sauter has been a laundry driver and grocery clerk.

Whitney Rittenhouse, R. F. D. Box 755, Los Angeles. He has been a private secretary and stenographer. Robert Dorff, Calabasas, Cal. He has been a laborer and rancher.

Gaston Eugene Reynaud, of Rose Hill, Los Angeles; an auto mechanic.

David Alexander Black, 113 Tropico avenue, Glendale; has been a salesman.

Victor D. Carr, 538 Sycamore road, Glendale; has been mechanic and farmer.

Jean Mazou, Chatsworth, Cal.; was a farmer and soldier in France before coming to this country in March, 1911.

Carl D. Engle, 340 West Fifth street, Glendale; has worked for Tropico Garage and been a mechanic, teamster, laborer and student.

Manton Lewis White, of Michigan avenue, La Canada; has worked for the Packer & White Auto Company and has been a bookkeeper, musician and student.

J. Goodridge Gould, formerly R. F. D. Glendale, recently went to San Francisco to seek work. He will be entrained there. He has been a dry-goods clerk, farmer and electrician.

William F. Spraker, of 1448 Burdett street, this city; is an electrician and is employed by the County in the Hall of Records engine room.

These men will be entrained Saturday morning in a special train, and whether they will leave from the Tropico station of the Southern Pacific (Continued on Page 4)

Over \$41,000 in 5-cent Smileage coupons has come in from the big camps to headquarters at the Commission on Training Camp Activities in Washington. These coupons represent admissions to theatrical events at the camps. Soldiers from the smaller towns received their books early, because of the prompt response of these places when Smileage books were placed on sale, and in many cases have used them up.

Sales of war-savings stamps have run as high as \$3,000,000 a day. This amount provides the Treasury with about one-tenth of the entire amount now being expended by the Nation for the war. While \$3,000,000 is only 3 cents a day for every man, woman, and child in the country, the entire cost of the war is but 30 cents per capita a day.

The "service flag" is not official, but its general use is encouraged by the Government. It has been patented by private parties. The matter of having an official service flag not so controlled is under consideration by Congress.

Although bakers who use less than 3 barrels of flour and meal a month are not required to secure food administration licenses, a recent rule gives them the right to come under license.

There is no Federal legislation regulating the playing of the national anthem, but some states have statutes forbidding playing it as part of a medley.

## TO BOOST SALES

Mrs. H. V. Brown and Mrs. Hartley Shaw have undertaken to collect for the Red Cross Shop at 318 Brand boulevard, current magazines while they are fresh. If the shop can have them while they are new, ready sales can be made at double the price they would bring if several weeks old. One of the periodicals for which there is a call is "The Literary Digest." Here is a chance to help by reading your new magazines as soon as you get them and then passing them on to the shop for the pleasure of some other reader and to bring money to the Red Cross. The ladies named will call for them if advised by phone to do so.

A scheme is on foot to boost the returns from the Shop all along the line. Mrs. Jack Boettner, who is now one of the directors of the Shop, is planning to make for sale dainty garments from materials which are brought in which are not suitable for Belgian and French relief.

Another good friend of the work is making very fancy dolls out of ribbed silk stockings tops. Persons who have these in white or colors are asked to bring them to the Shop to be transformed into playfellow for little boys and girls and incidentally to swell the Red Cross funds.

Miss Maybelle Douglas, chairman of the Shop, is also planning a literature sale in two or three weeks in which the latest stories of the most popular authors of the day, and the latest poems, particularly war poems, will be put up in attractive form and sold for much less than they would bring on the counters of the book stores. They will be taken from odd numbers of current magazines which are collected by the salvage workers, will be separated and bound by themselves in specially designed and decorated covers which will make them valuable souvenirs of war work in after years, besides giving much pleasure for the moment. Any one clever in designing or lettering who is willing to help this enterprise, is asked to communicate with the Shop either in person or by telephone, Gl 870-W.

Miss Ruth Whytock is Chairman of the Committee on Books. Mrs. Wintersgill, who has charge of the Shop certain days, is also chairman of the Magazine Sorting Committee, which meets Saturdays when the salvage is brought in. She greatly needs help in this work and one who can give a few hours Saturdays after 11 a. m., man or woman, will be warmly received at the Shop.

Miss Douglas and her assistants will welcome suggestions along any line which will bring in money. They want to raise the returns from the little store to \$50 a week.

## AFTERNOON TEA

Next Monday afternoon from 3:30 to 5 the British Ambulance Society will give its regular afternoon tea in the Jewel City Cafe, corner Glendale avenue and Broadway.

Bonny Scotland is to hold sway. Mrs. George Mitchell as hostess in chief, assisted by Mrs. Helen Campbell and members of the tea committee.

An interesting program is arranged. Francis W. Henry will sing some of his delightful Scotch songs, and little Miss Davina Woods of Tropic, a very popular young artist, is to dance the Highland fling and the sword dance in costume.

The tea committee has been considerably enlarged, in line with the growth of all other departments of the society, and a number of ladies have promised to take active part during the coming year on the committee which is as follows: Mesdames

John Hornsey, Edgar Pack, George Mitchell, Edward Malley, John C. Sherer, Nathaniel Greene, Arthur Campbell, B. V. Dawes, Gerald Blue, W. S. Rattray, Menzo Williams, M. A. Begg, Bornecamp, Helen Campbell, and Miss Nora Bankes.

The proceeds of these teas go to the wool fund, and a cordial invitation is extended to everyone.

INA WHITAKER, Chairman.

## HOW ABOUT EASTER TRADE?

The following interesting orders to extend the mailing privileges of poultry producers, have been issued by the Postmaster General:

Order No. 1177.  
Office of Postmaster General,  
Washington, March 8, 1918.  
Effective March 15, 1918, section 476 of the Postal Laws and Regulations is amended by the addition of the following as paragraph 2:

"2. Live day-old chicks shall be accepted for mailing, without insurance or C. O. D. privileges, when the package in which they are contained is properly prepared and can be delivered to the addressee within 72 hours from the time of mailing."

A. S. BURLESON,  
Postmaster General.  
Office of Second Assistant Postmaster General.

Washington, March 8, 1918.  
In connection with the amendment to section 476, Postal Laws and Regulations, by the addition of paragraph 2, authorizing the admission of day-old chicks to the mails, postmasters, railway postal clerks, and all employees of the service are directed to observe the following:

Handle with special care packages containing day-old chicks.

Do not give food or water to the chicks while in transit.

Dispatch as quickly as possible and deliver to addressees promptly upon arrival at offices of destination.

Do not place packages in mail bags or cover with other mail matter.

Do not stack for any considerable length of time, unless sufficient space is left between boxes for ventilation.

Do not expose to cold winds nor hot sun, nor place near hot pipes, stoves, or radiators.

So far as possible, protect from all extremes of cold or heat.

OTTO PRAEGER,  
Second Asst. Postmaster General.

## P.-T. A. MEETING

The Broadway School P.-T. A. met last Thursday afternoon. There was a fine attendance and the president, Mrs. A. C. Anderson, was in the chair. Three speakers made excellent talks. Superintendent R. D. White reviewing War Activities in the Schools, Mrs. Harry Greenwalt, Vice-president of the P.-T. A. Federation, telling of the work of that organization and of the Country Store with which the Federation will increase its funds early in April. Professor Harry Howe explained the Thrift Stamp Campaign and organized a War Savings Society among members of the P.-T. A. Light refreshments were served. Mrs. Charles Turck was present with tickets for the Red Cross Benefit which is to be given by the Tuesday Afternoon Club.

## MR. THOMAS PROBABLY WAS

A little girl whose father was a commercial traveler sat on a porch holding a kitten and, creeping up close, her mother heard this: "Kitty," said the young miss, "I know you an' I know your mamma, an' I know all your little brothers an' sisters, but I ain't ever seen your papa"—then after a brief pause—"I spec' he must be a traveling man."—The Keystone Traveler.

## HOLY WEEK SERVICES

For many years the Lutheran Church has observed this week with special and peculiar significance. It means much to her faith and piety. Services intended to quicken and enliven the deepest devotion, most heartfelt consecration and most sincere purpose to walk in the footsteps of the Master, are commonly found in every Lutheran Church throughout America. With us in Glendale we are beginning such service to-night, continuing Thursday and Good Friday nights. The subjects of interest are, "The Guest Chamber of the King," "The Passover and Its True Meaning," and "Crucifying Divine Love." And beginning at 6 o'clock with a "Sunrise Service," at 9:30 Bible School, at 11:00 Dedication of pulpit furniture, reception of members, Confirmation of young people, Preparatory service, Pastor's Easter message, "Life More Abundant," and Holy Communion.

At 7:30 the Bible School will have its Easter entertainment, including solos, quartets, violin solo by small girl, the most touching "Wayside Cross" with solo and quartet, recitations and children's songs and choruses by the school, all closing with most beautiful pictures beginning with the triumphal entry and ending with the Ascension of our Lord. This is designed as an Easter entertainment long to be remembered in religious influence and helpfulness.

Those wishing to see this and enjoy it should come early to secure a good seat. Seats all free. All most cordially welcome. Corner Fifth and Maryland. Let the parents and children come.

## FARM BUREAU MEETING

The regular monthly meeting of the local Farm Bureau was held Monday evening at the Burbank high school in Burbank. The association now has about sixty members, and great enthusiasm was manifested. As usual, the gathering opened with the singing of "America."

The opening number on the program was a report of a conference of farm bureau representatives held at Berkeley, which was made by Mr. Mausby of Whittier, who told of the tour of farm bureaus which followed the conference, with stops at various points between Berkeley and Bakersfield, where they saw sales of stock conducted by farm bureaus, and other interesting things.

Messrs. Scribner and Gordon, who are expert stock raisers and dairymen, made excellent practical talks, which were much appreciated by the dairymen present.

A. O. Peters, a U. S. representative of the poultry interests, also made a good talk urging upon the farmers the necessity of continuing to raise poultry in spite of the high cost of feed.

Mrs. Barnett contributed a vocal number which was much enjoyed.

Appointments were made for the following committees: music committee, press committee, membership committee, home department committee, and a committee to arrange for the experimental fertilization plots.

The next meeting will be held on the evening of the fourth Monday in April.

## THE GREAT DUTY

As we go about our daily tasks in peace and safety men are dying every minute on the battlefields of Europe to save civilization. Our own gallant soldiers are shedding their blood in France and our sailors engulfed in the waters of the Atlantic as they go in defense of America's rights and honor.

Upon our performance of the work committed to us depend the lives of thousands of men and women, the fate of many nations, the preservation of civilization and humanity itself; and the more efficient and prompt we people of America are in doing our part, the more quickly will this war come to an end and the greater the number of our soldiers and sailors who will be saved from death and suffering and the greater number of the people of other nations released from bondage and saved from death.

To work, to save, to economize, to give financial support to the Government is a duty of the Nation and to the world and it is especially a duty to our fighting men who on land and sea are offering their lives for their country and their countrymen.

## JAPANESE RAISE RATES

THE JAPANESE LABOR STATION announces that owing to the increasing cost of living they will advance their rates to 40 cents an hour; \$1.50 for half a day and \$2.75 for all day. These are the same rates that prevail in Los Angeles and Hollywood. 173t24\*

An attorney who was a daily passenger on a remote western railroad had a row with the conductor one morning. When the row was over the passenger turned to a friend and in an audible tone remarked: "Well, this road will never see another cent of my money after today."

The conductor who was collecting tickets across the aisle glanced over and snarled: "What'll you do? Walk?"

"Oh, no," replied the attorney, pleasantly. "I'll stop buying tickets and pay my fare to you."

## Personals

Mrs. William Chappell of Louise street is confined to her bed by illness and under the care of a nurse.

Block No. 1 of the Bible Study Classes met Monday evening at the residence of Mrs. Russell, 637 Gardena avenue.

Mr. and Mrs. W. S. Grauel, who have been the guests of Mrs. Henry Grauel of Perlita avenue, left Monday for Meadville, Pennsylvania.

Mrs. Mate Stephenson of South Bend, Ind., and Mrs. Luella Curtis of Oakland, Cal., were recent guests of Mrs. Lila Cutler, 226 South Louise street.

Mr. and Mrs. S. C. Steele of 122 East Park avenue entertained on Sunday Mrs. Kittie Bashor of Pasadena and Mr. and Mrs. Oscar Miller and children of Covina.

The Woman's Home Missionary Society of the Tropico Methodist Church met at the residence of Mrs. Richards, Paloma avenue, Tuesday afternoon.

Mrs. F. P. Miller and daughter Virginia, who have been guests of Mrs. M. M. Schout of Perlita Avenue, left Tuesday for their home in Meadville, Pennsylvania.

Miss Adda G. Burch of Perlita avenue was elected press correspondent of the Los Angeles City Federation of the W. C. T. U. at the annual meeting on Wednesday.

Hanford Richards, accompanied by Mr. and Mrs. Wheat and Mr. and Mrs. Richards, motored to Camp Baldy Sunday, where snowballing was enjoyed by many.

Mrs. J. C. Houk of Durango, Colorado, is the guest of her sister, Mrs. Jack Boettner, of 1228 West Ninth street. Mrs. Boettner hopes to keep her sister here for a couple of months.

Mrs. W. A. Gibson of 718 West Ninth street has returned from Chicago after an absence of four months. She went to care for an aunt who has been very ill but who is now much improved in health.

Mr. and Mrs. Albert E. Tonk of Cashmere, Wash., will visit Southern California the latter part of April and will be the guests of Miss Ida Waite at Hotel Gray. Mrs. Tonk is a sister of Miss Waite.

Mrs. Mead is doing a big bit for the Red Cross by helping the chairmen at the Red Cross Shop on Broadway Thursday mornings to get ready for the mid-week luncheon which Mrs. Jack Boettner and her assistants serve.

The Tropico Methodist Sunday School will have an Easter program Sunday morning at ten o'clock. Rev. A. Ray Moore of Pasadena, District Superintendent, will preach at 11 o'clock. Services will be held Wednesday, Thursday and Friday at 3 p. m. and 7:30 p. m., and communion service Friday evening.

The Monarch Company is starting something not only unique but very much to the point just at this time, when practical saving should be on every one's mind. They are making a collection of Goodyear Tires that have done their "bit" several times over and will not only have them on exhibit at their store, 421 South Brand, but intend to publish letters from Glendale people telling what they have done with Goodyear Tires. One of them appears in this issue, and others will follow.

The Busy Bees of the Woman's Bible Class of the Baptist Church were entertained Tuesday afternoon by the Three B's at the home of Mrs. Joseph R. Bright, 129 South Maryland avenue. Mrs. Anna C. Burns and Miss Bohannon being associate hostesses. About thirty ladies were present and light refreshments were served. Jonquils used in decoration gave a cheerful note of spring. The affair was quite informal, there being no set program, though Mrs. Vernon Cowser made a very nice talk. The afternoon was spent with needlework and conversation.

## KNITTING CHAIN PARTY

Mrs. R. L. McCourt, of 110 South Central avenue, entertained last Thursday with a knitting party, the proceeds of which were turned over to the Knitting Department of the Glendale Red Cross Chapter. Spring flowers were used in decoration, but the affair was quite informal, as such a war-time function should be. Tea and wafers were served as refreshment and the ladies spent the afternoon knitting and conversing. Guests were Mesdames John Southard, John Robert White, Heustis, Barton, Joseph Mullin, C. B. Lane, Brown, McLouth, Meis, and the Misses Barton and Meis.

**NOTICE TO CUSTOMERS OF DR. J. CLARENCE KLAMM, 616 WEST BROADWAY**

Having enlisted in the navy, it is necessary to close my business within the next few days. Customers having work at my store, please call at once. Stock being sold at big reduction.

## RED CROSS NOTES

Surgical dressing work has been going forward as usual at Red Cross headquarters. Monday Mrs. Lawshe was instructor and ladies who worked were Mesdames M. G. Musser, Mary E. Chester, Anna Perkins, L. B. Munn, J. M. Ray, A. A. Burchfield, C. E. Hutton, D. B. Pingree, Eva Bolen, O. T. Walker, Archie Parker and A. D. Switzer.

Tuesday Miss Ruth Taggart was the instructor, her assistants being Mesdames E. S. Hedges, R. S. Dunkee, R. L. Milligan, A. C. Steele, E. Dale, Archie Parker, I. A. Flint, E. P. Tresslar.

Mrs. H. E. Betz and her usual corps of assistants were at work Tuesday and completed thirty-five ambulance pillows besides cutting considerable material to make it ready for the children. More helpers are needed for this work, which is so simple that any one can do it, even those whose sight is not what it once was. Though so easy, it is important and any one who is willing to give a few hours on Tuesday afternoon is requested to come with scissors prepared to work, and with a big apron to protect their clothing from lint.

## WANTED

The Red Cross Shop at 318 Brand boulevard has an order for one dozen early tomato plants, two dozen lobelia plants, one pink and one red chrysanthemum, also for six small, well-rooted double geraniums, red, white, pink and variegated for a window box. Any one who can contribute plants to fill these orders is requested to bring the stock to the shop with the least possible delay.

Plants of any other sorts for bedding are also desired and will find a ready market. Persons who have established gardens are likely to have many seedlings of cosmos, larkspur, pansies, poppies, nasturtiums, petunias, corn flowers, and many other flowers which self-sow readily, and if they will put these in pots or boxes in such shape that they can be handled and sold, they will be saving what otherwise would be waste, and will be helping the little store to earn money for the Red Cross. Friday is sales day for plants and flowers, so all contributors are urged to bring stock Thursday afternoon.

The shop is also anxious to serve the public with flowers for Easter, both potted plants and cut flowers. Persons who want flowers at that time are asked to place their orders with the Red Cross Shop, and again, persons who are willing to contribute potted or cut flowers for Easter sales are asked to report what they will do, either by calling in person at 318 Brand boulevard or by telephoning the shop, Gl. 870-W.

## 20,000 MILES ON Goodyear Tires

The following is a record for Tire Mileage which is enough to make a person wonder "How do they do it?"

Glendale, Cal.  
March 27, 1918

The Monarch Company.  
Gentlemen:—

This is to certify that a 30 x 3 Goodyear plain tread tire I have just taken off my Monroe car has been run by me 20,375 miles and, as you see, has never blown out. Its mate I am carrying as a "spare," and I consider it still good for several thousand miles.

(Signed) O. HESSELTINE.

It is easy to do if you buy Goodyear Tires at THE MONARCH COMPANY and take the right care of them.

planting and tuberous rooted plants are beginning to come in. The shop now has a stock of cactus dahlias, bulbs of choice varieties, also mixed gladioli, and cannas, dwarf pinks and tall red. Any gardener who can use these is asked to call and look them over.

## NOTICE

The Glendale City W. C. T. U. will meet with the president, Mrs. Smart, at 336 Olive street, Friday afternoon, March 29th, at 2:30 o'clock. Reports of the Drive will be given and a current news item will be asked for from each member. All who attend are requested to bring scissors for the clipping of rags for ambulance pillows.

**NEIGHBORHOOD PRAYER MEET-  
INGS**

Neighborhood prayer meetings will be held at 8:00 o'clock tonight under the auspices of the Christian Church

at the homes of Mrs. Nettie Spriggs, 1426 West Second, O. L. Kilborn, 1317 Lomita, J. M. Ray, 107 North Kenwood, and Mrs. M. A. Timmons, 805 West Ninth street.

Neighbors and friends are invited to co-operate in these meetings. The emergency of the times calls us all to prayer.

Miss Beth Glasscock, a graduate of the San Fernando high school, has been called to Washington, D. C., to accept a position as a stenographer for the United States government.

## TO TEST NON-SINKABLE SHIP

The Shipping Board has decided to build a vessel along the line designed by Hudson Maxim. Mr. Maxim's device can be placed in a ship and later, if it is found not to be as effective as he claims, it can be removed and the ship used in regular service. The Maxim device possesses many points which seem practicable. The Shipping Board feels that some start should be made toward producing nonsinkable ships.

Thousands of designs have been submitted to the ship protection committee, which has worked faithfully in trying to arrive at conclusions and make recommendations thereon. Now that an inventor of Mr. Maxim's reputation has submitted a plan it is thought wise to build the first non-sinkable ship of the type proposed by him.

Mr. John A. Donald, chairman of the ship protection committee, said that several methods for protecting vessels from submarine attack had been considered and that the board is now engaged in making special tests of these.

"There are," he said, "two systems of protecting vessels against underwater attack. One method is to prevent the torpedo from reaching the hull. Another, the inside method, is designed to make a vessel unsinkable if a torpedo should reach the hull. Mr. Maxim's principle is along the line of inside protection—that is, intended to keep a vessel afloat after it has been damaged by a torpedo."

## NOT AGAINST GERMAN TONGUE

The U. S. Commissioner of Education has advised against eliminating the teaching of the German language in the public schools. In a letter addressed to the President of the University of South Dakota he says:

"The United States is at war with the Imperial Government of Germany and not with the German language or literature. The President has tried to make it plain to all the people that we are not at war with the people of Germany as a people—that we have in our hearts no hatred or bitterness toward them. For our own sake and for the sake of the future of the world, let us hope that we may finish this task for the establishment of freedom and the safety of democracy without learning to chant any hymn of hate. After the war is over intercourse with the German people will be re-established, probably not immediately and fully, but our relations with them will no doubt be more important as the years go by. Germany may even yet become one of the leading nations for the preservation of the peace of the world.

"For practical, industrial, and commercial purposes we shall need a knowledge of the German language more than we have needed it in the past. We should remember also that there are many millions of German-speaking people outside of Germany, and the number of such persons will increase rapidly after the war regardless of the way in which the war may end. Some years ago we were at war with Spain, and more recently we were almost at war with Mexico, whose people speak the Spanish language, and the need of the knowledge of the Spanish language for commercial and industrial uses has been greatly enhanced as a result.

"Last of all, we can not as a people afford to put ourselves in the attitude of regarding as evil everything about any people with whom we may happen to be at war. We can not afford to assume this attitude toward the German people simply because they happen now to be under the control of an autocratic militaristic government with purposes and aims that have brought us into conflict with it. The fewer hatreds and antagonisms that get themselves embodied in institutions and policies the better it will be for us when the days of peace return."

## CALL FOR COLLEGE WOMEN

The woman's division for service calls of the intercollegiate intelligence bureau is sending out a call for patriotic college women to give governmental service to the War Trade Board.

The bureau wishes applications only from college graduates already in or near Washington. It is hoped that wives of officers and daughters of men who have come to do war work will be interested in these positions, as the War Trade Board is at present unable to offer salaries of more than \$600 to \$900 a year, unless to persons unusually qualified by linguistic knowledge or special training. Applications may be made to Miss Julia Newton Brooks, Women's Division for Service Calls, Intercollegiate Intelligence Bureau, Munsey Building, Room 306.

## FULLY EXPLAINED

A tramp knocked at a farmer's door and called for something to eat. "Are you a Christian?" asked the good-hearted countryman.

"Can't you tell?" answered the man. "Look at the holes worn in the knees of my pants. What do they prove?"

The farmer's wife promptly brought out the food, and the tramp turned to go.

"Well! well!" exclaimed the farmer. "What made those holes in the back of your pants?"

"Back-sliding," replied the tramp, as he hurried on.—Christian Herald.

## RANGE CATTLEMEN TO MEET

SAN FRANCISCO, March 27.—All the livestock associations of California will be represented at a big "get-together" meeting of cattlemen to be held at University Farm, Davis, Cal., on April 8 and 9, according to C. E. Rachford, Assistant District Forester in charge of grazing on the national forests of California.

An interesting and instructive program has been arranged, opening with an address of welcome by Dean H. E. Van Norman of the University Farm, after which the objects of the meeting will be set forth, and the various phases discussed by Professor Gordon H. True of the University of California, L. A. Nares, President of the California Cattlemen's Association, and Mr. Rachford of the U. S. Forest Service. During the first day's session the subject of "Markets and Marketing" will also be covered by J. W. Dorris, President of the Alturas Livestock Association, Dr. Elwood Mead of the California Land Settlement Board, the Hon. J. B. Curtin of the Stanislaus Livestock Association, and by representatives of the Bureau of Markets. The question of "Shipping to Market" will be taken up by J. M. Fulton of Reno, Nevada, Assistant General Freight and Passenger Agent, Southern Pacific Co., and by W. J. Stockwell, a representative of the Western Pacific in this city. Ralph Merritt, U. S. Food Administrator for California, will emphasize the importance of the livestock industry as relating to the war time food supply. A lecture by Dean Thos. F. Hunt of the College of Agriculture, University of California, will close the first day's session. The second day will be given over to the discussion of such subjects as "Range Management," in both its theoretical and practical aspects, "Feeding for Market," "The Value of Improved Breeds," etc. The program will close with a discussion of the question of organization, to be opened by L. A. Nares.

The meeting at Davis directly precedes the first annual sale of pure bred Herefords, to be held at that place on April 10 at 1:00 p. m., by the Pacific Coast Hereford Breeders' Association. On the 11th of April the California Shorthorn Breeders' Association will hold their annual sale of California Shorthorn stock at Hord's Stables, 478 Valencia street, San Francisco.

## COMBINATION FLOURS

The United States Food Administration is recommending to bakers throughout the country that in the use of wheat substitutes in Victory bread they employ a combination rather than rely on a single substitute. Substitutes may be combined in various ways to equal the required amount of substitutes, and some of these combinations have been found to make a better quality bread than that containing only one.

Some mixtures of corn and rice have been found to work better than corn alone, and potatoes with cereal substitutes make a better bread than potatoes alone as a substitute. It is pointed out further that the character of bread made from mixtures of substitutes is less affected by the addition or subtraction of a part of its cereal content than by a complete change in the substitute part. Changes can be made gradually, and the bakers need not be dependent upon one source of supply.

To bakers who have potatoes available, but have found them difficult to use as a single substitute, the Food Administration suggests the admixture of another substitute with potatoes. That is, that instead of using 80 pounds of potatoes and 80 pounds of wheat flour bakers use 40 pounds of potatoes—which, minus the water content, equals ten pounds of substitute—and 10 pounds of corn meal or some other cereal substitute. This results in the use of 80 per cent of wheat flour and the required 20 per cent of substitutes in making Victory bread.

## USE OF MOTOR TRUCKS URGED

The Council of National Defense has given its formal approval to all measures designed to facilitate the use of the motor truck in transportation wherever it can be utilized. Its efforts in this connection have been directed through the Highways Transport Committee. Through the State councils of defense and other agencies it is urging all communities as far as possible to adopt the motor truck to their local needs and encourage its use in any way to help existing transportation problems. The truck is proving of a great deal of service in many districts in relieving congestion in freight terminals. The council has just passed the following resolution:

"Resolved, That the Council of National Defense approves the widest possible use of the motor truck as a transportation agency, and requests the State councils of defense and other State authorities to take all necessary steps to facilitate such means of transportation, removing any regulations that tend to restrict and discourage such use."

Under the direction of Harry C. James, Caluenga Lodge, Hollywood, the boys of that part of the city have organized a tribe of the Woodcraft League of America, Ernest Thompson Seton's national body for all boys loving the out-of-doors. It is planned to organize two more tribes there in the near future.

## DOUBLE HEARING

(Continued from Page 1)  
of the through street next to it, for example: Denver Place will be next to Denver Street, Madison Place next to Madison Street, Sixth Place next to Sixth Street, etc.

3. Commence naming north all through streets numerically, beginning with present Third Street, naming these through streets First Street, Second Street, Third Street, etc.

4. Commence naming south all through streets after cities in alphabetical order, as for example, Albany, Boston, Chicago, Denver, Evanston, etc. Suggestion has been made that streets south of Broadway be named avenues in consecutive order. This is very good but if adopted Fifth Place might be next to either Fifth Street or Fifth Avenue and ten blocks apart, whereas if streets were named as I suggest there could be no possible misunderstanding.

5. Commence naming east all through streets with the names of trees or plants, in alphabetical order, as Acacia, Briar, Cedar, Dahlia, Evergreen, Fir, etc.

6. Commence naming west all through streets after presidents in order of their terms, for example: Washington, Adams, Jefferson, Madison, etc.

Therefore under my system of naming, when anyone asks for a certain street it is immediately fixed in a certain quarter of the city without any effort whatsoever; for example: anyone desiring to locate Louisville and Fir streets would figure down Broad boulevard alphabetically A, B, C, D, to L, the 12th letter of the alphabet—12 blocks south and A, B, C, D, E, F, the 6th letter of the alphabet, or 6 blocks east.

With this idea of systematic naming fixed, I now revert to the numbering in accordance with the decisions of our mass meeting.

Number using 100 numbers to the block, each block to constitute the lineal feet between through streets. If a "Place" comes between two streets the hundred series of the block not to change until the next through street is reached.

Owing to the fact that First Street will be one block north of Broadway (neutrally named), the numbers in the 100 block should commence at First Street and number through to Second Street. Likewise the same condition will arise in numbering in all other directions; therefore the numbers in the first block between Broadway and First should number commencing with number one up to but not including 100 and the first block in each other direction should be uniformly numbered commencing with number one.

I hesitated mentioning a system of renaming, but as the location of the "Places" proposed and the numbering across to the next through street intersection, also the systematic naming of streets, affected the numbering system, I felt it necessary to give you a complete outline of my plan, which I think will be of sufficient elasticity to provide for any future growth of our city.

I might repeat my assertion that should this systematic numbering and naming be adopted, I feel certain that the stranger as well as the citizen will be able to fix any certain location in his mind without difficulty.

As to the system of two or four numbers to the lot, I personally favor four numbers for all blocks in the territory east and west from Glendale Avenue to Central Avenue and north and south to city limits. Outside of this district I recommend the assignment of two numbers.

However, this last matter is the one left to the decision of your Honorable Body at our last evening's meeting, and I therefore dislike to present it for fear of being considered too importunate and insistent in a matter over which you alone have jurisdiction.

I trust you will pardon me if I have seemed over zealous in the matter, for I assure you that I am interested only in the welfare of Glendale and I am addressing you with this sole idea in mind.

Respectfully,  
C. J. WOLFE.

## QUOTA IS COMPLETE

(Continued from Page One)  
cific or from Los Angeles, the Board has not been advised.

Inasmuch as all special inductions have been stopped, Chairman Lanterman is of the opinion that there will be a general call of all men remaining on the registration list early in April, but he has received no official notice of any such call. It is merely his surmise.

## OVER 200,000 VOLUNTEER SHIPBUILDERS REGISTERED

With figures for many States missing, returns received by the United States Public Service Reserve of the Department of Labor show that 200,000 mechanics have registered as shipyard volunteers for future service in the shipyards of the country. Several States have exceeded their quotas, but they are continuing enrollments, Illinois, which more than a week ago reached its quota of 23,662, is continuing to register men suitable for work in the yards and now has more than 29,000 enrolled. New York City has passed the 20,000 mark, which was its quota, and is enrolling at an uninterrupted rate. Through the New York City office of the United States Employment Service, of which the Public Service Reserve is the "recruiting" division, has sent a number of the volunteers to yards in that section and to Hog Island, at Philadelphia.

California last week passed its quota of 11,310, the reserve officials said. Oregon went more than 400 above its quota of 3,204, and the District of Columbia has recruited more shipbuilders than were expected of it. Minnesota, Nebraska, Iowa, and New Hampshire are enrolling at a rapid rate.
